Breeder of Horse <i>(This is the owner of the mare at the time of mating)</i>			
Owner(s) of Horse			
Address of Owner(s)			
Phone Number of Owner(s)			
Email Address of Owner(s)			

ACKNOWLEDGEMENT

The submitting owner acknowledges that DNA profiles are submitted on the condition that all profiles derived from the samples will be incorporated into the Massey database to be solely used for the verification of the parentage of any animal at any time that is applying for registration with the New Zealand Gypsy Cob Association Inc. Massey will store the samples indefinitely and will only release them if requested in writing to the owner as identified on this form. Massey and NZGCA will maintain client confidentiality at all times. The owner verifies that the animal information submitted on this form is true and correct. Registration is subject to the NZGCA committee being satisfied that the submitter has declared all liens and encumbrances related to the horse, if any, and that the submitter has full authority to register the horse. A false declaration may result in the registration being declined. This profile is authorised for use by other breeders for parentage verification purposes only

BEFORE emailing the registrar

- Please ensure you have ticked **ALL** the boxes.
- All information must be emailed in one email
- One email per horse with the horses registered name in the subject line
- All registration information must come from one email address

PLEASE ENSURE YOU -

1. ☐ Have completed all information required on the above form in legible writing
2. ☐ Have the horses' DNA profile from Massey showing verification to parent/s
3. ☐ Have registration photos (both sides with feet showing and one of the front, clearly showing head)
4. ☐ Have paid the registration fee to the NZGCA bank acct

Once all the boxes are ticked please email the information from boxes 1, 2 and 3 to: **registrar@nzgca.co.nz**

If you have any issues, please email or phone the registrar

The registration fee is \$10 for members providing their own DNA, \$40 for non-members providing their own DNA. A \$20 late penalty fee applies for horses registered over the age of 12 months (ie \$30 members/\$60 non-members).

Payment must be made by direct credit to NZGCA, Account No: 031568-0431270-00

Please record your name and reason for payment.

To send hair for DNA profiling to Massey

- Pull 30-40 strands of hair ensuring hair follicles are attached
- Place hair in an envelope and write horses registered name on the envelope (please make sure that no hairs are exposed and do not touch hair follicles as this may damage the DNA)
- Complete the Massey University DNA request form which is found at:
epagsc.myshopify.com
- You may request colour, PSSM and FIS testing at the same time.
- Payment is made directly to Massey.

Samples can be couriered to Massey University 1 Drysdale Drive, Palmerston North 4410 or posted to Equine Parentage and Animal Genetics Services Centre, Internal Mail PN811, Palmerston North 4410

Please see sample Massey form below – If parent verification is to one parent only, please select paternity-sire provided, or maternity-dam provided. You must select YES to profile use.

A registration number is not required.
